Ahmed is a **little** boy. He likes playing with the ball.

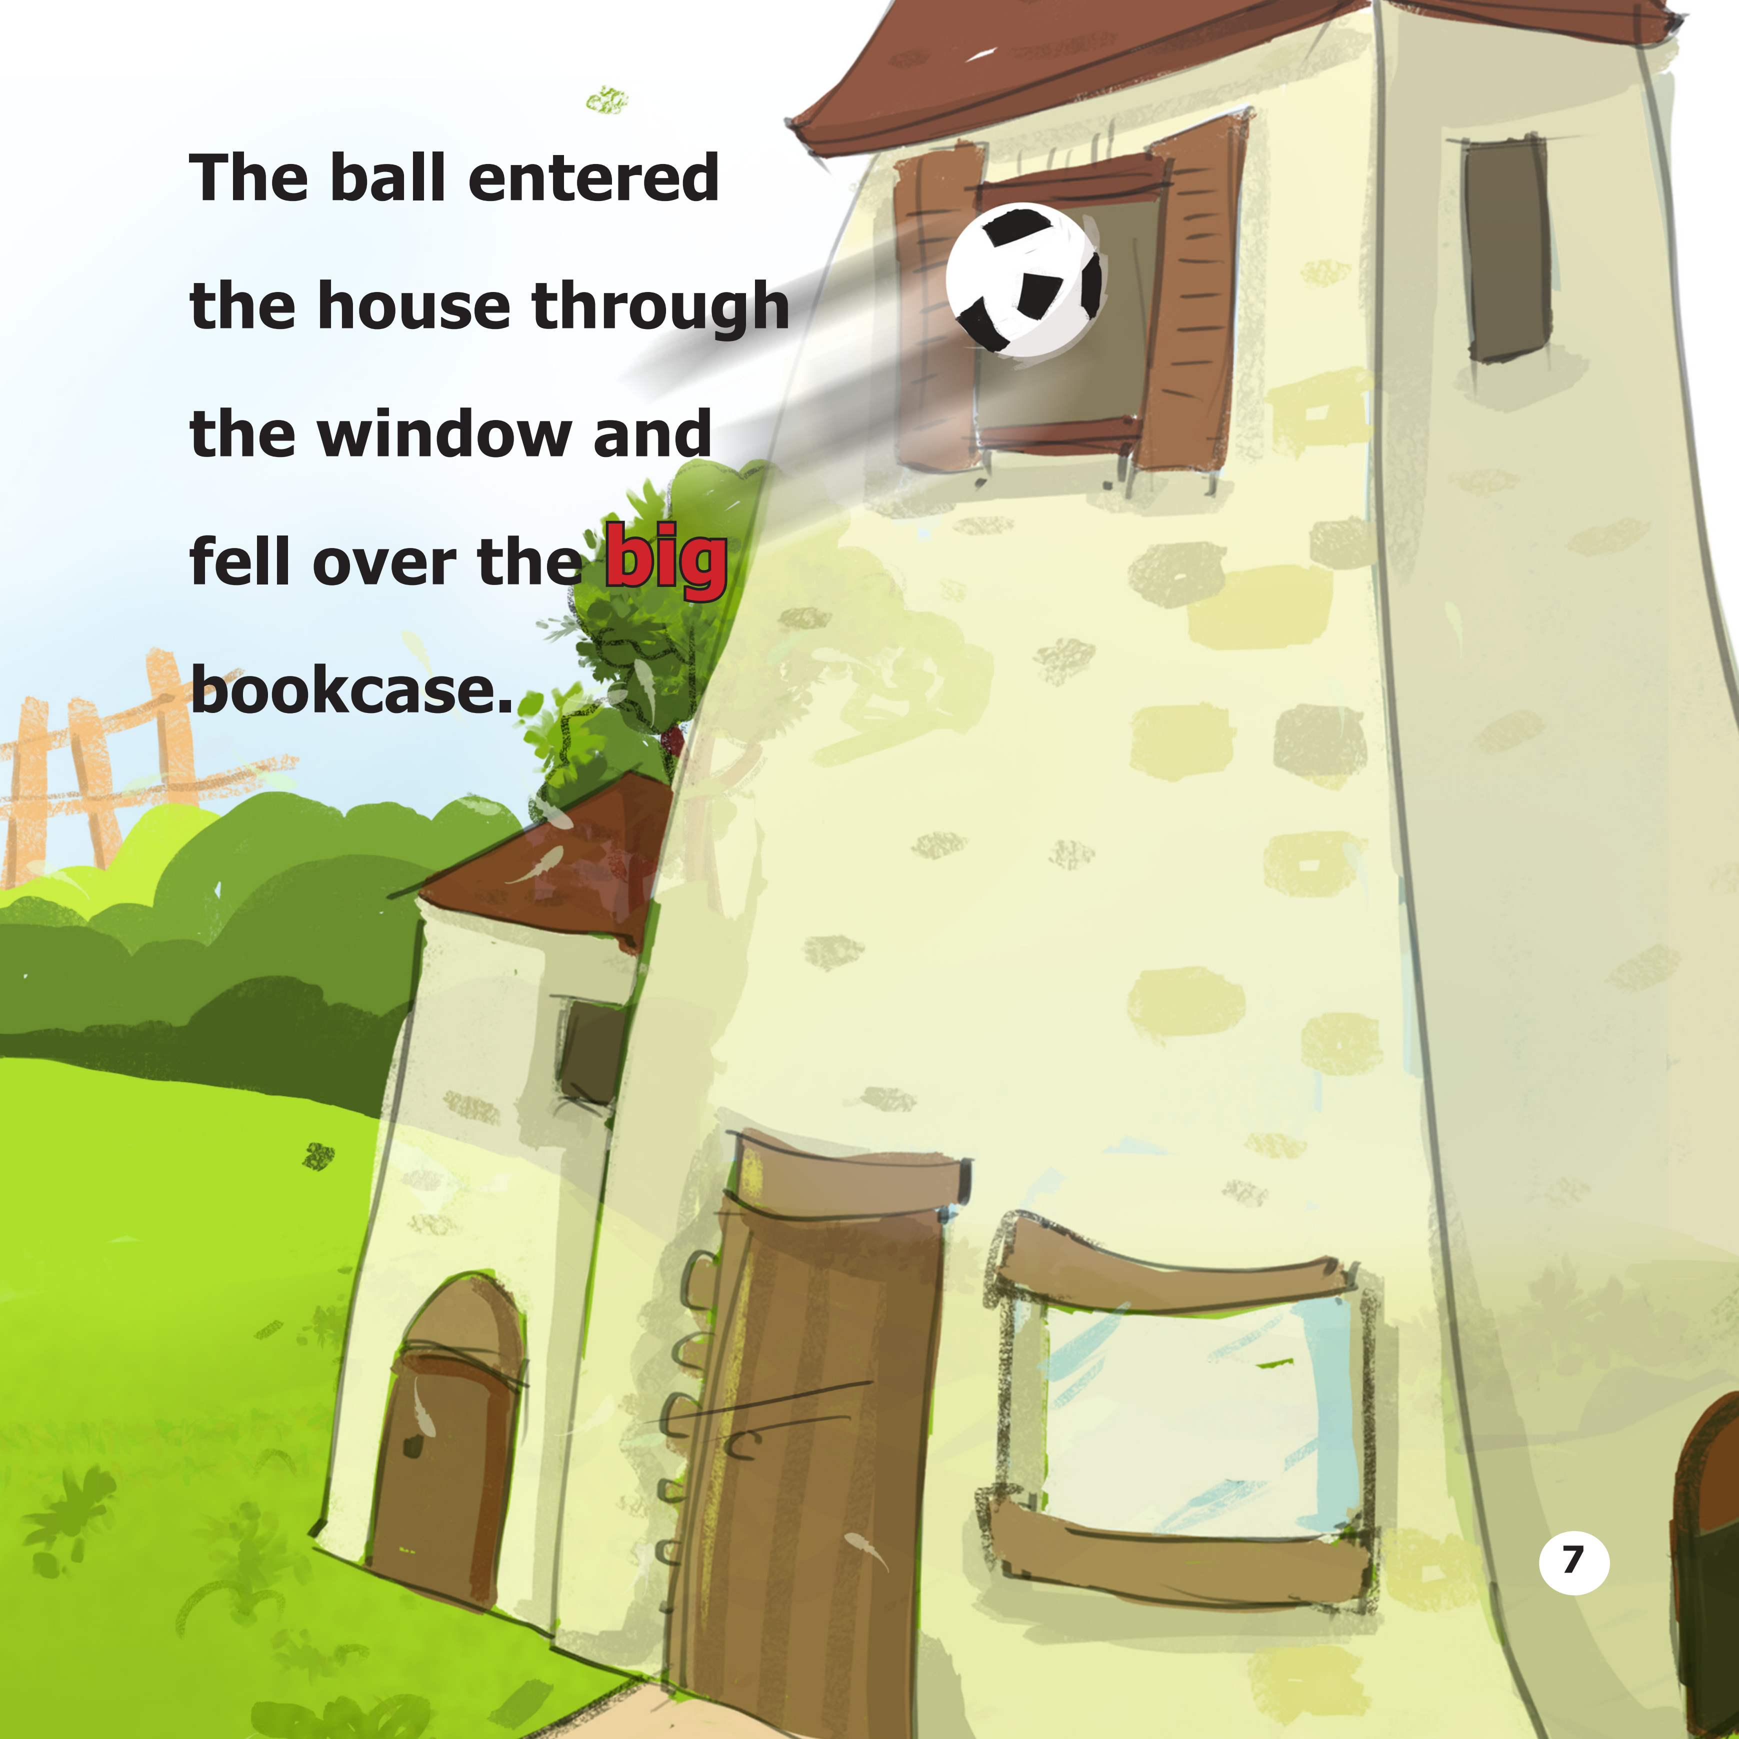

One day, Ahmed was playing with the ball in the house garden.

He kicked the ball strongly

with his **little** foot.

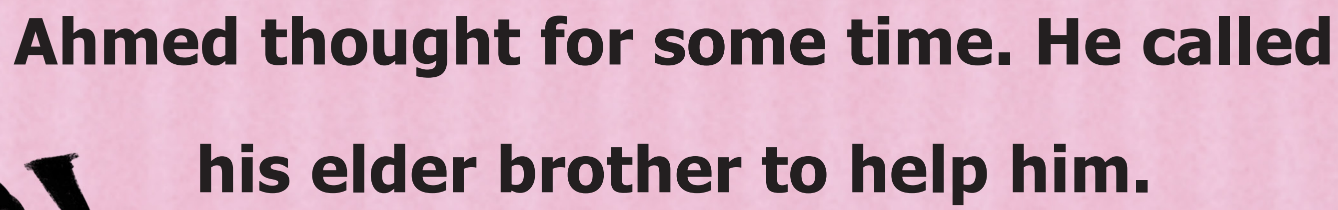

The ball entered the house through the window and fell over the big bookcase.

Ahmed went inside the house. He tried to reach the ball but he couldn't because he was very **short.**

He brought a chair and stood on it. He tried again but couldn't reach the ball.

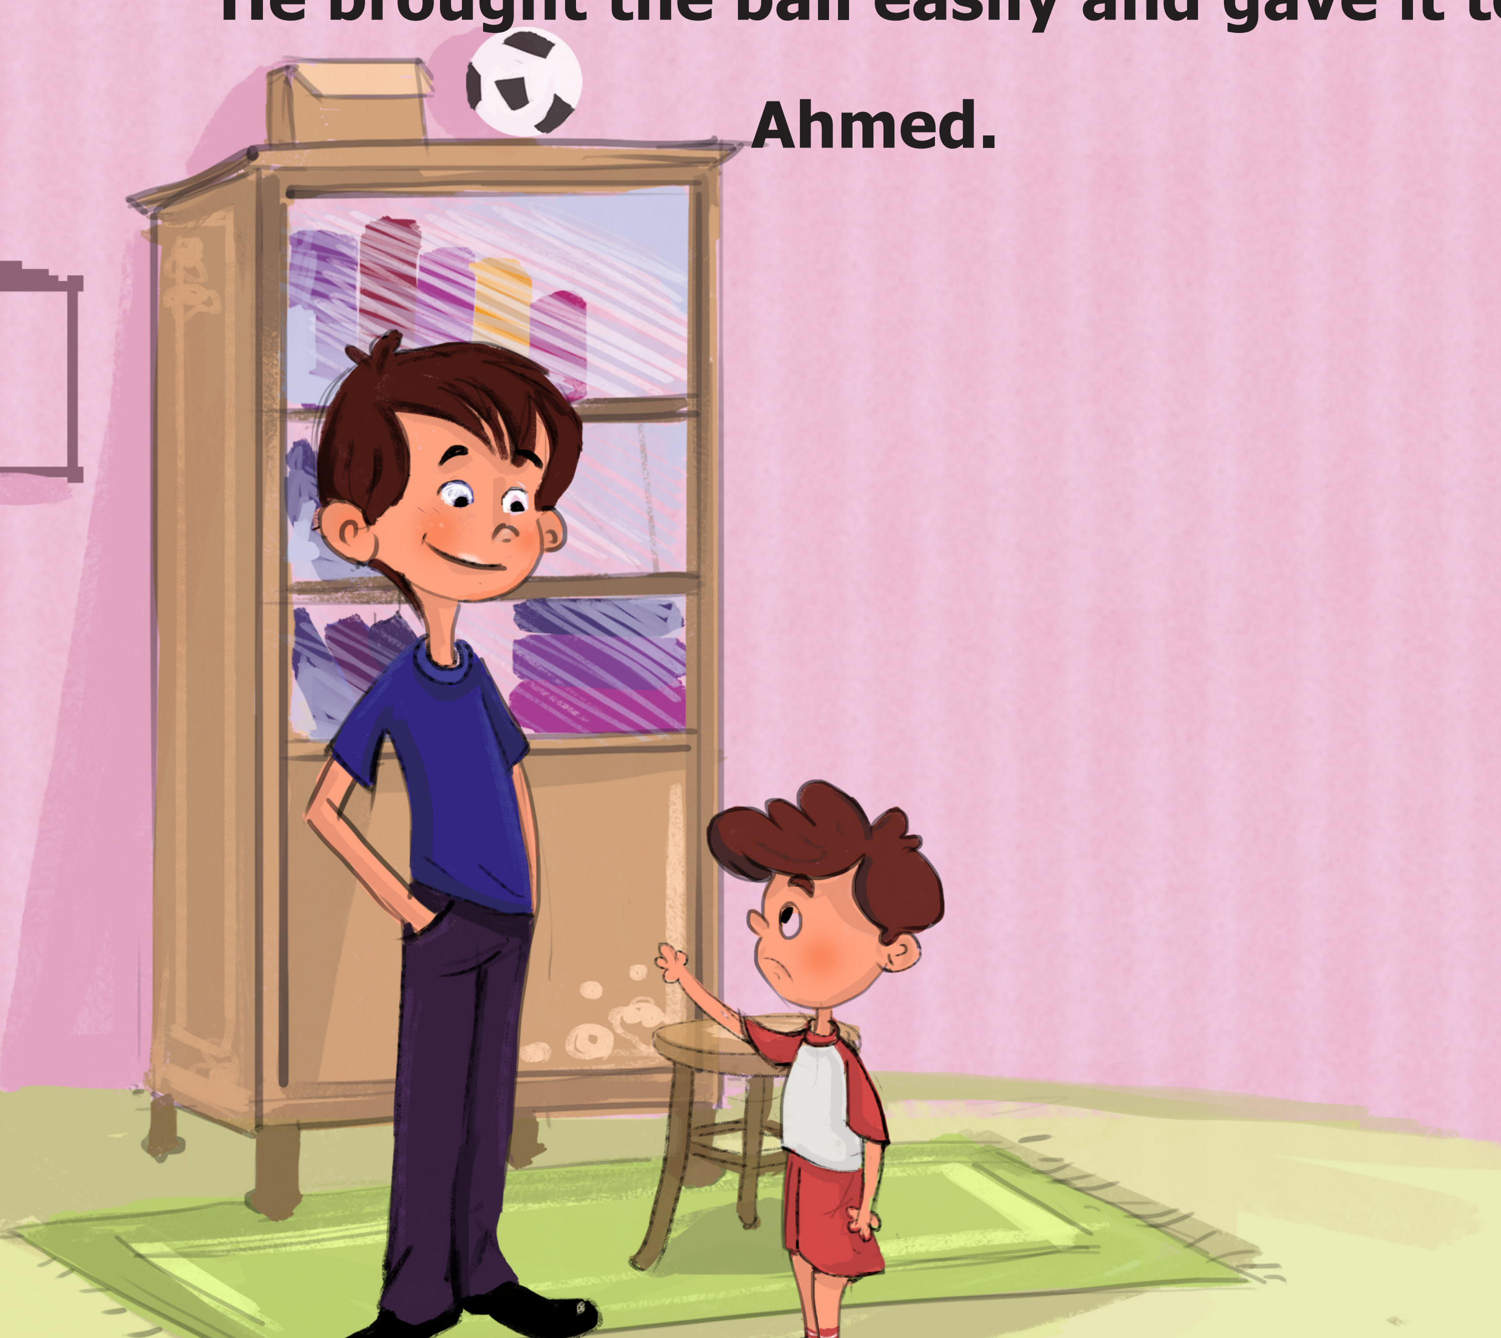

Ahmed thought for some time. He called his elder brother to help him.

Ahmed's brother was very tall.

He brought the ball easily and gave it to Ahmed.

Ahmed was very happy He took the ball and went back to play in the garden.
